EXPANDABLE LARGE TANK BAG WITH REVERSIBLE MAP POCKET

- *Black, durable 600-denier PVC-backed polyester withstands roughest conditions*
- *Approx. 1,215 cubic inches (20 liters) of storage in expanded position*
- *Mount easily and provide extra storage space*

Lower main compartment (9"W x 5"H x 13"L) with soft removable bottom liner. Upper compartment, when expanded, 9"W x 5"H at rear (tapers to 3"H at front) x 13"L. When not needed, upper compartment folds down onto lower compartment and secures at 4 points with hook/loop fasteners. Bag measures 10"H at rear and 8"H at front (expanded) and 6"H (not expanded). 2 side compartments (3"H x 10"L x 2"D) and one front compartment (3"H x 7"L x 2"D) with zippered top for smaller items. Handle on front of bag folds out of the way (under the small front compartment) when bag is on bike. 7-1/2"W x 10-1/2"L map pocket attaches to bag with hook/loop fasteners. Upper and lower panels of pocket are clear, non-yellowing crack-resistant vinyl?map can be turned over to continue use without refolding map.

Adjustable mounting harness, once installed, stays on bike, yet allows you to mount, position or remove bag as needed. Bag mounts to harness at 3 points (2 front, one rear) with adjustable straps featuring quick-release cam lock buckles and hook/loop fasteners. Easy access to gas cap. Outside bottom has soft no-scratch material to protect tank finish and rubber-like MAXI-GRIP® panel to prevent bag shift.

Soft interior liner/stiffeners provide added protection for gear and help bags hold their shape. 3-sided wraparound zippered openings with flaps for easy access to stored gear. Sewn-on web carrying handles and/or shoulder straps. Includes a water-resistant, charcoal color coated polyester rain cover with elasticized hem. Cover folds up when not needed. Self-healing, small-tooth nylon zippers are protected by overlapping storm/weather flaps. 2-way double-pull zippers on all compartments speed up packing. Reinforced seams and stress points for long service. With mounting and care instructions. Notes: (1) "Front" indicates side of bag nearest driver. (2) Before ordering, measure space where bags will be mounted to ensure sufficient space and clearance.
